

CSI Columbus' 2006 Community Event

A Hand Up

Teaming up with Worthington Kilbourne's HomeBASE program, which has been accepted into the Leadership for Energy and Environmental Design (LEED) pilot program for the United States, the Columbus Chapter of CSI will be helping to construct one of the first LEED homes in Ohio. The home is being built for a poverty stricken family who will benefit from the energy saving aspects.

When: September 30th, 2006 - 8:30 a.m.- 4 p.m.
Sign up for a morning or afternoon shift or stay the whole day.

Where: 258 N. 21st. St.

***Participates must be at least 14 years of age.*

How: Please contact Jenna Bellinski at 614.563.5846 or jbellinski@constructivecommunication.com for more information regarding this event or to sign up. Limited number of spaces available so reserve yours today!

Home B.A.S.E, started by Roger Beck in 1996, allows students to help the poor by constructing poverty housing and connecting this to their English and Government classes. This coming fall, Kilbourne will be celebrating their 10th year of students giving American families a hand up to help poverty housing.
